## TE STYLE SHEET > I'M A HUGGER DIES

Add an AW! element to gift-card giving with these adorable peeking pets. Sized to wrap around gift card envelopes, these handmade huggers will be so adored you might be able to get away with "forgetting" to include the gift card.

### DOG PIECES

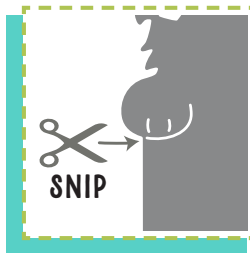

**1** Die cut your pet pieces, and start assembly by gluing the ear backers to the backside of your pet body.

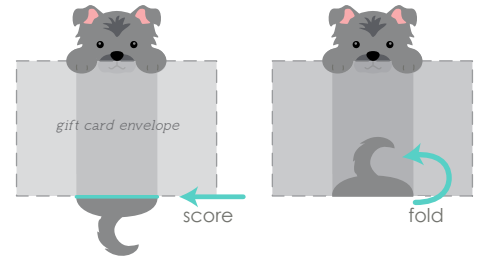

**2** Add the forehead accents and use their placement to help align the stamps and dies of the faces.

**3** Snip the tiny paper connection between the body and the cut-in paw line. Then, grab your gift card envelope and slide it under the paws.

**4** Score the body in a straight line along the the bottom edge of the gift card envelope, and fold the body upwards to wrap.

### GAT PIECES

**5** Stamp your paw pads (or "toe-beans", if you will...) onto your paw pieces and glue them to the folded cutie-patootie.

Glue the feet close to the tail end for best effect.

**6** Dress your little darlings for the winter weather by adding mittens and hats!
